CAREER SUMMARY

Communications, knowledge management, and stakeholder engagement professional with 5+ years across UN agencies and international development initiatives, including hands-on delivery of email campaigns, CRM-backed workflows, social media growth, virtual events, and online programmes. Experienced in segmenting audiences, choosing channels, tracking results, and reporting them to decision-makers. Familiar with conflict-affected contexts through work with the UNHCR Global Protection Cluster and an African Studies master's focused on climate risk and resilience. Currently expanding technical capabilities through Data Science coursework, self-learning, and a live data-centric portfolio at *timothycastillon.com*.

CORE COMPETENCIES

- **Knowledge systems and project tracking:** SharePoint and Drupal CMS configuration, data flows from partners into consolidated reporting, milestone and indicator tracking.
- **Webinars and virtual events:** End-to-end delivery of online training programmes and live virtual sessions for large audiences.
- **Email and campaigns:** Mailchimp newsletters and automated sequences, audience segmentation, adoption campaigns.
- **Social media and content:** Organic LinkedIn and X/Twitter growth, multimedia advocacy materials, toolkits, Drupal web content.
- **Analytics and reporting:** Engagement tracking and reporting on programme and donor results (Google Analytics, Power BI, Excel).
- **Project Management & AI Integration:** Designing SharePoint project-tracking frameworks, managing portfolio milestones and online training sessions, and leveraging AI tools (GitHub Copilot, Claude) to optimize research and workflows, complemented by designing and maintaining a data-centric professional portfolio at *timothycastillon.com*.

PROFESSIONAL EXPERIENCE

Multiple International Development Clients (Remote) **February 2025 – present**

- Execute digital content strategies, editorial scheduling and multi-channel dissemination for humanitarian and protection initiatives, including a six-month social media calendar built around humanitarian and protection awareness days (planned in Trello).
- Design and maintain visual branding assets, digital toolkits and reporting workflows for international stakeholders.
- Build and manage websites and knowledge systems (Drupal, SharePoint, HTML/CSS) and design workflows to track project deliverables, KPIs and donor reporting.
- Built two automated reporting systems using Microsoft Forms, Power Automate and Power BI, including a donor-reporting dashboard embedded in the client's web.

WORLD METEOROLOGICAL ORGANIZATION (WMO)

Knowledge and Information Management Support Officer (P1)
Geneva, Switzerland **November 2023 – October 2024**

- Managed the configuration and administration of SharePoint and internal intranet platforms, driving institutional digital transformation and knowledge management. Co-led the staff adoption campaign and training for a full intranet migration, using segmented Mailchimp email campaigns and multi-platform training sessions; achieved 80%+ staff reach
- Designed a Microsoft SharePoint list for monitoring a global portfolio of 100+ projects for Programme Managers.
- Orchestrated segmented, multi-platform Knowledge Management training, Mailchimp email automation campaigns, and Community-of-Practice networks, achieving 80%+ staff reach and reporting outcomes directly to executive boards.
- Expanded participation across 12 knowledge-sharing networks by 20% through targeted audience engagement, campaign analytics, and community-of-practice tracking.

Knowledge and Information Management Intern
Geneva, Switzerland **May 2023 – November 2023**

- Supported the migration of institutional documents during the intranet redesign, including categorization and quality checks.
- Helped establish the Community-of-Practice networks and produced analytics reports on their activity, setting a baseline participation rate of 20%.
- Co-led two staff training sessions with my supervisor on Microsoft folder ownership and knowledge management practices.

UNITED NATIONS HIGH COMMISSIONER FOR REFUGEES (UNHCR)

Communications and Advocacy Intern - Global Protection Cluster (GPC)

Geneva, Switzerland **September 2022 – May 2023**

- Designated by my supervisor as decision-owner for the GPC's Drupal website and digital knowledge platform, working with a part-time IT colleague and minimal day-to-day supervision; kept protection information flowing to 15 global operations, including conflict-affected contexts, and to humanitarian actors worldwide.
- Designed and sent the GPC's email newsletters in Mailchimp, from layout to send.
- Drove a 109.7% increase in LinkedIn organic followers and 652 new Twitter/X followers in 6 months, generating 124,373+ social media engagements.
- Designed and laid out GPC reports, toolkits and newsletters, and selected photography from UNHCR's Refugee Media library, working from content written by protection officers and colleagues.
